

About Messengers of Love

Messengers of Love (MoL) is a 501c(3) non-profit organization - Tax ID #: 11-3730103. Member of the Combined Federal Campaign - **CFC Code: 34043**

PURPOSE: MoL started with the purpose of sponsor and help bringing love and happiness, special moments to the orphaned children of Vietnam. Each year, thousands of children in countries such as Vietnam are abandoned by their parents for reasons such as illness, death, and economics hardship. These children end up on the streets or in orphanages. According to Unicef, over a million children in Vietnam are orphaned and live on the street or in

orphanages. These children lack access to essential health services, suffer from hunger or even starvation, experience mental and physical health problems. They have no hope of a future and have no one to love.

Children who grow up unloved and abandoned will often experience low self esteem and emotional insecurity, which could adversely affect their futures. Through our love and support, we can make a positive impact on a child's life, and brightening their future. Their future will be improved because they have been physically and emotionally nurtured, they will grow up confident and emotionally secure, and will be more likely to treat others with kindness.

ACCOMPLISHMENTS:

- * MoL started the "Holiday Gift & Meal for a Child" program in Christmas of 2003 and Tet (Lunar New Year) 2004, with gifts for 150 children in 3 orphanages and for 1000 poor people who live in the high mountains. In Christmas 2010 and Tet 2011, MoL was able to provide gifts to more than 3300 children including orphans from 22 orphanages (including 2 orphanages in India & one in Cambodia) and the poor children from 26 poor villages
- * MoL provided yearly Tet's gifts to over 300 families and 1000 adults including the poor, handicapped and ex-lepers.
- * MoL currently sponsors 185 poor students and subsidizes tuition, lunch money, uniform and books.

* MoL currently invests in 10 bright poor students and send them to special programs including boarding schools. We have three graduating from college this year.

* MoL recently added Medical and Health Services programs and had sponsored 2 children, one severely burned child and one with impaired vision to come to the USA for medical surgery, while supporting burned mission medical trips to Vietnam.

* MoL was able to build a total of 25 new homes for ex-lepers and poor families and are currently building 5 more

* MoL remodeled 3 schools in Hue, built 3 dining halls for three rural schools, and one orphanage in Ho Nai.

* MoL helped dig six wells for the poor villages of Gailai, provided 4 clean water systems in the villages close to Thua Thien and Kontum, and provided one acre of cashew trees to the poor village near Kontum.

* MoL provides yearly disaster relief to over 200 flood victim families of central Vietnam.

PROGRAMS & SERVICES: Messengers of Love's programs are implemented yearly through the help of volunteers, both locally in the USA and abroad. The programs are designed to meet the needs of the individuals MoL serves and accomplish its goals and missions.
